MEMORANDUM FOR: Colonel White

50X1

2. [REDACTED], in forwarding this proposal to the DD/A, stated that provision of funds for this purpose was made in the revised Fiscal Year 1953 budget under "alterations or additions." Further, he felt that PRC action was unnecessary and that DD/A approval alone was required.

3. The Office of the Comptroller made the observation that provision for the annex was not included in the latest revision of the 1953 budget as reviewed in the 1954 budget document. Additionally, the Comptroller has pointed out that some question may arise as to the need for special policy clearance with the Bureau of the Budget in view of existing policies to curtail construction. The Comptroller's Office feels that funds can hardly be allocated from the "alterations and repairs" category, taking into consideration the character of the construction proposed. That Office recommends that because in excess of \$25,000 is involved as well as the other reasons mentioned above this proposal requires approval by the Director.
